Highest Priority Needs

Investing in the Aga Khan Museum
In the short time since opening, the Aga Khan Museum has made significant advances toward our mission of fostering a greater understanding and appreciation of the contributions that Islamic civilizations have made to world heritage. Changing beliefs and attitudes takes time, however — along with a bold vision, strategic leadership and the capacity to act, we can respond to the Museum’s most urgent needs and capitalize on new opportunities. Your support of our Highest Priority Needs will provide the Museum’s leadership with the flexibility to invest your gift when and where it is needed most to help us continue to grow, innovate and impact even more people.

Investment Opportunities

$25 million

- Thought Leadership $9,000,000
- Museum Without Walls $7,500,000
- Highest Priority Needs $5,000,000
- Centre for Innovation and Creativity $3,500,000
Art has the power to bring communities together by inspiring conversation and revealing the commonalities that link us across the world. The Aga Khan Museum is not just a showcase for thousands of years of art and artifacts from around the world, it is also a catalyst for urgently-needed change. We aspire to play a leading role in using art to foster understanding and build bridges across our fractured world.

We use art to reflect the world as it was and is, and to inspire hope and the promise of something even better.

Highest Priority Needs: $5 million

Our mission is unique, and so are our challenges. As public awareness of Islamic civilizations and Muslim culture changes, we must also change to ensure our exhibitions and programs continue to resonate and set the stage for a more enlightened society. The Highest Priority Needs Fund makes this kind of change possible. Like a venture capital fund, it serves as the catalyst for immediate growth in areas including exhibitions, public programming, research, performing arts, and education.
WHAT YOUR GIFT WILL FUND

Your gift to Highest Priority Needs will be put to work immediately. Among the Museum’s many priorities, planned and opportunistic, it may help introduce timely new exhibitions, launch an education program for pre-school children, jumpstart a research project or attract a special guest artist.

THE DIFFERENCE YOU WILL MAKE

Access to undesignated resources will provide the Aga Khan Museum’s leadership team with the capacity and flexibility to respond efficiently and effectively to changing attitudes and concerns. These gifts will also complement investments in the Museum’s other three cornerstone goals, and allow us to achieve our lofty objectives in an expedited manner.
